

February 1, 2012

Dear Friends School of Wilmington Community,

It is with joy and a clear sense of calling that I accept your Board of Trustees' invitation to become the next Head of School at Friends School of Wilmington. As a Quaker educator who has always thrived within the context a spirited learning community, I am particularly excited by the connections I made during my visit in December with faculty, staff, parents, board members, Friends, and FSW students. I saw thoughtful, innovative, energetic work everywhere I looked. Friends School of Wilmington has a vibrant foundation upon which to build and is clearly ready to take important steps into the future. I look forward to the journey!

Warmly,
Brenda
